Education

2024–2025 ACADEMIC YEAR

IN-PERSON COURSES

The Abbott Academic Development department is committed to enhancing the training experience for fellows in the cardiovascular disease disciplines. Our premier educational programs allow the learned concepts to be applied for immediate impact on patient care, as well as incorporated into long-term healthcare strategies. We have engaged global thought leaders to create our “By Physicians, For Physicians” curriculum with a focus on Abbott technologies. The content progresses with you from PGY4 to the final year of your specialty fellowship. We look forward to having you join us on this educational mission.

General Cardiology Fellows – PGY4, 5 and 6

CONTEMPORARY CONCEPTS IN IMPLANTABLE CARDIAC DEVICES

October 19–20, 2024
Tysons, VA

ECG INTERPRETATION OF CARDIAC ARRHYTHMIAS

November 2–3, 2024
Minneapolis, MN
March 15–16, 2025
Miami, FL

EP PROCEDURAL HANDS-ON

PGY6 committed to EP fellowship

April 5–6, 2025
April 12–13, 2025
Austin, TX

Electrophysiology Fellows – PGY7 and 8

EP301: ELECTROPHYSIOLOGY TECHNIQUES AND CASE STUDIES

August 23–25, 2024
Chicago, IL

ADVANCED MAPPING OF COMPLEX ARRHYTHMIAS

March 15–16, 2025
Miami, FL

2024–2025 ACADEMIC YEAR

WEB-BASED OFFERINGS

Abbott's online curriculum consists of two series: our Ten-Question Tuesday (TQT) and Case Study Wednesday (CSW). Ten-Question Tuesday is held on the first Tuesday of the month. This program consists of a singular faculty member going through ten questions on a particular disease state. Case Study Wednesday is held on the third Wednesday of the month. This program consists of a faculty panel presenting cases on how they applied technology to treat the disease state discussed earlier in the month. The two series are designed to go hand in hand for a thorough discussion of particular patients in need of specific care. Our online platform provides an interactive forum for fellows and faculty.

TEN-QUESTION TUESDAY (TQT)

September 3, 2024
UNKNOWN ECGS: SVT

October 1, 2024
ATRIAL FIBRILLATION

November 5, 2024
ANATOMY AND ARRHYTHMIAS

February 4, 2025
SINUS NODE DYSFUNCTION AND AV BLOCK

March 4, 2025
UNKNOWN ECGS: VT

April 1, 2025
HIS-PURKINJE DISEASE AND BUNDLE BRANCH BLOCK

CASE STUDY WEDNESDAY (CSW)

September 18, 2024
MAXIMIZING THE UTILITY OF ICMS

October 16, 2024
PVI, LAAO AND OTHER AFIB THERAPIES

February 19, 2025
LEADLESS CARDIAC PACING

March 19, 2025
VT ABLATION

April 16, 2025
CRT AND CONDUCTION SYSTEM PACING
