

# MERLIN.NET™ PATIENT CARE NETWORK (PCN) IS MOVING TO THE CLOUD

Your CardioMEMS™ HF System data will soon be migrated to enable future capabilities.

## WE'RE CREATING AN OPTIMIZED EXPERIENCE FOR YOU, INCLUDING:

### More reliability

Ensures patient data is available when you and your staff need it.

### More security

Keeps data safe and secure with state-of-the-art cybersecurity.

### More efficiency

Enables workflow efficiency with optimized site speed.

### More confidence

Microsoft<sup>‡</sup> Azure<sup>‡</sup> is a state-of-the-art, cloud-based solution designed to comply with data privacy regulations.

## CONTACT US

If you have any questions, call Abbott Remote Support at 1-844-692-6367, or visit our Merlin.net PCN HF Portal cloud site to view current updates on the launch.

## IMPORTANT DATES

### Monday, September 30

Merlin.net™ PCN HF Portal will be temporarily inaccessible September 28 and 29 while we are implementing these improvements. Going forward, your new URL to access the portal will be [www.HF.G1.Merlin.net](http://www.HF.G1.Merlin.net) beginning September 30.

### Starting today

Begin communicating to your patients that they should remove the myCardioMEMS™ App from their phones. If you are using the app for communication with patients, ensure that you transition to DirectCall™ Messages or another form of communication. We are currently redesigning the patient app and intend to make it available later this year.

## LOOK FOR MORE NOTIFICATIONS

We will be contacting you with reminders of important dates throughout this transition.
